You must shoot a qualifier score or turn in a recent official score to establish an initial handicap. There will be an 80% handicap given to each archer. For Example, If your qualifier score is 310 (20 points under perfect), you would receive 16 points (80% of 20).

You must have at least one qualifier score turned in prior to participating in a money shoot. You may turn in a recent tournament or league score as your qualifier score.

Your Handicap will be recalculated using your average score during the money shoots.

\$25 Entry fee per Money Shoot. There will be payouts for 1st, 2nd, and 3rd place at each money shoot. Prizes will be paid out immediately following the completion of scoring at each money shoot.

If there is a tie, you can choose to split the money or you may do a one arrow closest to the middle shoot off with each other if everyone involved agrees to it.

If you register for a Money Shoot, you may come shoot your qualifier score for free! Just let us know which Money Shoot you are registered for and that you are here to shoot your qualifier score!
